- |      |                                                                                                                                        |
|------|----------------------------------------------------------------------------------------------------------------------------------------|
| 1.   | 2 bays of pallet racking                                                                                                               |
| 2.   | An old work bench with vice and a quantity of trestles                                                                                 |
| 5.   | Wadkin Bursgreen B800 bandsaw                                                                                                          |
| 6.   | Startrite Invincible planer                                                                                                            |
| 7.   | Sagar woodturning lathe                                                                                                                |
| 8.   | Wadkin Bursgreen BZG sharpener                                                                                                         |
| 9.   | Old green tool cabinet and contents                                                                                                    |
| 10.  | Metalclad 4ft dia twin head sander                                                                                                     |
| 11.  | Zimmermann PS1                                                                                                                         |
| 12.  | Wadkin LM 1339 drill                                                                                                                   |
| 13.  | Oakway Industrial cleaner                                                                                                              |
| 14.  | 8 x Darg high cycle grinders and cutters                                                                                               |
| 15.  | An Arc welder                                                                                                                          |
| 16.  | Kerry lathe and tools                                                                                                                  |
| 17.  | A key cutting grinder                                                                                                                  |
| 18.  | Meddings pillar drill                                                                                                                  |
| 19.  | Burgmaster turret drill with tapping attachment                                                                                        |
| 20.  | Still cutter, pressure washer & portable battery charger                                                                               |
| 21.  | Misc power and other tools                                                                                                             |
| 22.  | Assorted tools                                                                                                                         |
| 23.  | E & A Ashworth                                                                                                                         |
| 24.  | Specimen surface grinder - Atwood                                                                                                      |
| 25.  | Avery tensile testing machine                                                                                                          |
| 26.  | Benches and filing cabinet                                                                                                             |
| 27.  | A double pedestal desk                                                                                                                 |
| 29.  | Coleman Wallwork cutter grinder & extractor                                                                                            |
| 30.  | Richards flash lite pedestal grinder & extraction                                                                                      |
| 31.  | Richards flash lite pedestal grinder & extraction                                                                                      |
| 31A. | 2 x High cycle generators                                                                                                              |
| 32.  | Clan fettling booth & extraction                                                                                                       |
| 33.  | Double Clan fettling booth with twin extraction                                                                                        |
| 34.  | Double Clan fettling booth with twin extraction                                                                                        |
| 35.  | Double Clan fettling booth with twin extraction                                                                                        |
| 36.  | 2 Tonne Morris overhead crane                                                                                                          |
| 36A. | 8 x Scrap tips (centre floor)                                                                                                          |
| 37.  | Tilghman twin table shot blast unit with extraction                                                                                    |
| 39.  | 5 Tonne Morris pendant overhead crane                                                                                                  |
| 40.  | 5 Tonne per hour Omega sand reclamation unit & extractor (outside) with water cooling and pneumatic transporter                        |
| 41.  | Heavy duty mould manipulator with turnover motorised hoist and gantry                                                                  |
| 41A. | Flood coating unit & pump                                                                                                              |
| 43.  | Carbon equivalant unit on table                                                                                                        |
| 44.  | 100kg platform scales                                                                                                                  |
| 45.  | Morris 5 tonne pendant overhead crane with lifting bails and chains                                                                    |
| 46.  | 2 Tonne Morris Roadmaster pendant overhead crane                                                                                       |
| 49.  | 1/2 Tonne T pot ladle & 1 other                                                                                                        |
| 52.  | Clocking in machine                                                                                                                    |
| 54.  | International payloader vehicle                                                                                                        |
| 55.  | International payloader vehicle                                                                                                        |
| 59.  | Power driven oval conveyor circuit with vibrator unit                                                                                  |
| 60.  | Gantry with 500kg air operated manipulator 1 tonne hoist                                                                               |
| 61.  | 35ft long flat band moulding conveyor                                                                                                  |
| 62.  | Mobile pallet mould conveyor system & weight conveyor                                                                                  |
| 63.  | 3ft diameter coarse sand mixer                                                                                                         |
| 64.  | Coal box gas machine with gas unit & coal box core shuter                                                                              |
| 84.  | 1/2 Tonne T pot ladle                                                                                                                  |
| 85.  | 2 Tonne ladle                                                                                                                          |
| 86.  | APV Paralec - 2 x 1800kg & 1 x 500kg furnace bodies 80hz frequency with water cooling system, change over switch system and power unit |

## Catalogue - Page Two

Lot	Description
87.	Rolling conveyor system with heavy duty mould vibrator
88.	FTL Acid catalyst sand blender
89.	15 Tonne per hour articulated mixer with ISS head
90.	Salter 2000kg crane weighing scales
90A.	Salter 2000kg crane weighing scales
91.	A quantity of pyrometers
92.	Measuring table and equipment
93.	Inspectograph with computer, software, air conditioning unit and samples
94.	Emco portable testing machine
95.	A fume cupboard
96.	Foundrax Brunell B3 DW hardness tester
97.	Gas fired boiler unit and pumps
98.	MMS sand mixer (5tonne per hour)
99.	FTL sand/resin catalyst blender
100.	Sand hopper and core sand filter
101.	GF Tumbblast shot blast with spares and extraction
102.	New sand hopper 18 tonne
103.	Used sand hopper 30 tonne
104.	Sand transporter unit
105.	10 tonne resin tank and resin pump
106.	1 Tonne dumper truck
107.	2 x Brush electric transformers 900 & 750 KVA
108.	Broom & Wade compressed air receiver
109.	All railway sleepers
110.	Compair 75CFM compressor
111.	Broom & Wade "reserve" compressor
112.	Richards magnetic belt conveyor (in the yard)
113.	All office furniture
114.	Tower computer system
115.	Tower computer system
116.	Panasonic fax machine
117.	All bays of racking in pattern store - approx 45 bays
118.	Caterpillar 2000kg model T40B diesel fork lift truck 5M mast
119.	Small electric core oven
120.	Diesel tank
121.	A pallet truck
